## ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (during the vote). Members are advised 2 minutes remain in this vote.

□ 1646

So the bill was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

Stated against:

Mr. DREIER. Mr. Speaker, on rollcall No. 409 I was unavoidably detained during a hearing of the Committee on Rules. Had I been present, I would have voted “no.”

REMOVAL OF NAME OF MEMBER  
AS COSPONSOR OF H.R. 2060

Mr. INSLEE. Mr. Speaker, I ask unanimous consent to remove from H.R. 2060 the name of NATHAN DEAL as a cosponsor. His name was inadvertently added as a cosponsor to the bill I had sponsored.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Washington?

There was no objection.

CHIROPRACTIC CARE AVAILABLE  
TO ALL VETERANS ACT

Mr. FILNER. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 1470) to amend the Department of Veterans Affairs Health Care Programs Enhancement Act of 2001 to require the provision of chiropractic care and services to veterans at all Department of Veterans Affairs medical centers.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 1470

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

## SECTION 1. SHORT TITLE.

This Act may be cited as the “Chiropractic Care Available to All Veterans Act”.

## SEC. 2. PROGRAM FOR PROVISION OF CHIROPRACTIC CARE AND SERVICES TO VETERANS.

Section 204(c) of the Department of Veterans Affairs Health Care Programs En-

hancement Act of 2001 (38 U.S.C. 1710 note) is amended—

(1) by inserting “(1)” before “The program”; and

(2) by adding at the end the following new paragraph:

“(2) The program shall be carried out at not fewer than 75 medical centers by not later than December 31, 2009, and at all medical centers by not later than December 31, 2011.”.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from California (Mr. FILNER) and the gentleman from Kansas (Mr. MORAN) each will control 20 minutes.

The Chair recognizes the gentleman from California.

Mr. FILNER. Mr. Speaker, I yield myself such time as I may consume.

We are continuing with a packet of seven bills from the Veterans' Affairs Committee that is really a thank-you in prelude to Memorial Day, a thank-you to our Nation's veterans. Memorial Day is a tribute to those who gave the ultimate sacrifice.

What we are saying is we're honoring them and all our veterans who are living with us in the United States. And as I said earlier, no matter where we are on the current debate on the war in Iraq, we are united in saying that every young woman, every young man who returns from that battle gets all the care, the attention, the love, the honor, the dignity that a grateful Nation can bestow. And that's what we are saying in these bills today.

We have already passed a bill which extends from 2 years to 5 years the ability of any returning servicemember in combat to access the VA health care system. Two years was not sufficient for those who might have brain injuries, who might have PTSD, posttraumatic stress disorder. These are, in many cases, hidden diseases. You don't know that you have it. A doctor may not diagnose it at first, and so as time goes by, you may feel the need to access the VA health care system. So we have extended that from 2 years to 5 years.

In addition, we have passed a new outreach program to meet especially the needs of rural veterans, and we will continue this package in the hour ahead.

Veterans returning home from the wars in Iraq and Afghanistan should be able to depend on medical services that they want being available in the system of health care that was built to take care of them and their unique needs.

For those returning veterans seeking care in a VA health care system, we know that the most common health problems are under the category of musculoskeletal ailments, principally joint and back disorders. We hear a lot about brain injury and PTSD, and those we have to give a lot of resources to, but 42 percent of veterans coming to the health care system have been presented to the VA with the needs of joint and back disorders.

This bill, the Chiropractic Care Available to All Veterans Act, requires
